UNIFORM

the right products
in the right hands
at the right price

At Unisurge our philosophy is quite simple:

To provide our customers with the service and expertise they would expect from a supplier of products of such critical importance to the day-to-day running of their healthcare department.

what makes Unisurge different?

Established in 1988, Unisurge is a trusted manufacturer and supplier of practitioner-specified procedure packs, dressing packs, medical disposable and theatre products to health care professionals. Our range of bespoke single use products is both cost effective and patient specific. Surgical teams can be confident that all the necessary components for a procedure will be supplied, to their specification, in a sterile pack, ready for immediate use.

Our promise to you:

Experienced sales team ready to take your order and advise you on delivery times and other Unisurge products – we aim to surpass all the standards of your current service.

Innovative products constantly being introduced to increase your purchasing efficiency.

A comprehensive range of products always kept in stock ready for fast-track delivery to your door.

Regular deliveries throughout the UK.

All at the most cost effective prices.

drapes & gowns

our commitment to you...

From our Newmarket headquarters, the development team keeps abreast of the latest advances in surgical practice and takes full account of the consistent rise in patient expectations.

Unisurge offers a comprehensive range of sterile drapes, gowns and supplementary operating theatre products. These include individual drapes, drape packs, incise drapes, camera covers, basin liners and diathermy products. The UniForm draping range offers both specific draping packs as well as individual drapes that provide optimum draping solutions for all surgical procedures at a cost effective price.

The contents of each of our packs have been practitioner specified to meet the requirements of all modern surgical procedures. In addition Unisurge is able to offer customised procedure packs containing all of the disposable consumables used to carry out a surgical procedure, including drapes and gowns. Our sterile draping packs have been designed to help reduce surgical site infections and fluid contamination whilst offering an efficient means of draping the patient.

Linked to a significant investment in state of the art Information Technology, we provide a proven and trusted distribution network. Using our own fleet of vehicles Unisurge is able to ensure that sterile packs arrive at their destination on time and in optimum condition.

**Our aim is to tailor our service to suit your specific needs
and quite simply surpass the expectations you place upon us.**

UniForm drapes

Comprehensive range of single-use surgical drapes. Designed to meet the requirement of surgical specialities. Uniform surgical drapes are available in two different types of base fabric. So you choose the style of drape, in the fabric of your choice.

your choice, your preference

The Uniform range includes speciality drapes, sterile packs and supplementaries.
The range is latex free and complies fully with the requirements of the european Standard EN13795.

choosing the right gown
could not be any simpler

UniForm surgical gowns

All Uniform surgical gowns comply fully with the requirements of the European Standard EN13795.

Choosing the right surgical gown for the right procedure could not be any simpler.
The colour coded neck trim makes it easier to choose the correct level of protection.

White Neck Line:	Standard Surgical Gown (suitable for low fluid surgery)
Blue Neck Line:	Reinforced Surgical Gown (suitable for medium / high fluid surgery)
Red Neck Line:	Wet Procedure Gown (suitable for high fluid cases eg Urology)

Features and Benefits

Low linting SMS gowns available in both 50gsm and 35gsm (Lite)

Superior strength, durability and protection

Raglan sleeves

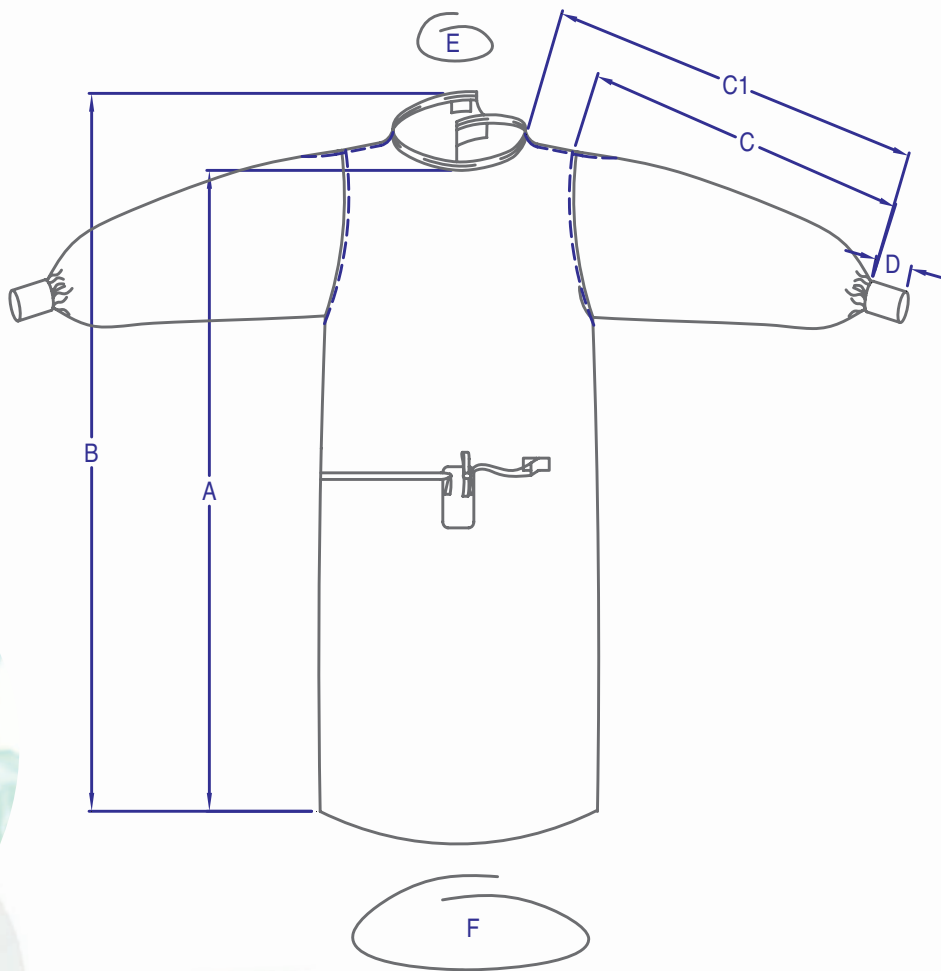

Thermal bonded seams

100% latex free

And for extra comfort why not try our range of Spunlace Gowns

gown measurements

find your perfect fit ...
